

School DSA Classroom Theatre (9th and 12th)

What is the teacher doing (How are they teaching)?	What are the students doing (How are they learning)?
<p>Teacher was encouraging seniors to present their work in front of the freshmen.</p> <p>The atmosphere was very relaxed as teachers rotated from group to group.</p> <p>A teacher would critique every once in a while.</p>	<p>Younger students were taking students final monologues or performances and giving them suggestions or things to add in while they were practicing.</p> <p>Some students told them to do “Tik Tok” dances while they performed or say their lines in a sad way.</p> <p>The older students seemed eager to put on a good show and nailed it each time no matter what their peers threw at them.</p> <p>This type of activity allowed the students to feel comfortable performing in front of a group, as well as aloud the new theatre students a chance to see what they would be expected to do.</p>
